

Sober Sister is a safe ride and responsible party program for sororities. The primary mission is to keep members safe, accountable, and connected to peers, regardless of an individual's financial situation.

## »» CONTACT US TO PARTICIPATE OR SPONSOR A SORORITY

### STEP 1

The Wellness or Risk Officer of the sorority house consults with Think Twice.

### STEP 2

Before a group of sisters go out, select one volunteer to remain sober the entire time.

### STEP 3

Sister(s) volunteer to be on-call as designated drivers.

### STEP 4

Volunteers earn points for an end-of-term incentive event.

First year sorority members are a special focus because campus life is new, and many have not experienced underage party scenes or bars. Likewise, we don't want more senior members to pass down unsafe habits. Sober Sister is designed to ensure everyone who goes out has a support system to get home safe and a direct contact to call in an emergency.
