## Looking for an original idea for your corporate gifts that you could give to your customers or employees?

### The solution: our new breathalyzer with keychain!

Our breathalyzer with keychain is portable, compact and lightweight. It is one of the smallest breathalyzers on the market since it only measures 3.7 x 6.1 x 1.4 cm!

It operates with *MicroCheck* sensor technology and has a foldable tip that ensures a hygienic use.

#### It's even more than a breathalyzer!

- A useful and ethic gift, since according to the latest CROP poll on impaired driving, 67% of Canadians are looking for alcohol detection tools.
- Can prevent incidents and accidents and can even save lives.
- Reliable and economical.

#### An indispensable tool for:

- Insurance companies
- Car dealers
- Students and young adults
- Wine, spirits and beer companies
- Promotional gifts (parties, golf tournaments, etc.)
- Any event where alcohol is served.

#### Other features

- Available in several colors
- Backlit display (LED)
- Works with 1 AAA battery
- 3 mouthpieces included
